About BPC Instruments AB

BPC Instruments (formerly Bioprocess Control) is a Swedish-based technology company that develops and sells automated, analytical instruments that allow for a more efficient, reliable, and higher quality of research and analysis in a wide range of industries. The result is significant reductions in time consumption and labor requirement for performing analysis, as well as more efficient use of manpower resources. BPC Instruments' products offer better quality and features in both hardware and software, and the Company has a deep level of knowledge and know-how on-target applications. The solutions of BPC Instruments are the first of their kind, making the Company a pioneer in its field. The Board and the management in BPC Instruments estimate that the Company's current share of the global market of feedstock quality analysis in biogas production equals approx. 90 percent. Today, BPC Instruments exports to more than 60 countries and the number is growing. For more information, please visit BPC's webpage www.bpcinstruments.com
